

Day 1  
Tuesday, May 14, 2024  
12:00 pm - 3:00 pm ET  
9:00 am - 12:00 noon PT

## At The Crossroads

### Supercharging the Workforce

12:00pm ET  
9:00am PT

### At The Crossroads

We present key findings from our current study and open debates on the choices our members face regarding future leaders, new employee expectations, deploying AI, and how to build thriving organizations.

12:45pm ET  
9:45am PT

### A Path to Profit Plus

We explore the path to thriving organizations through a multi-stakeholder profitability model. Jay Jakub will open this debate by reviewing the Economics of Mutuality approach for driving superior value creation through impact-led management practices.

Speaker

Jay Jakub  
Chief of Staff  
Economics of Mutuality Alliance

1:45pm ET  
10:45am PT

### Leadership Breakout Sessions

We break into smaller groups on a series of key leadership topics, each led by a deep domain expert. The sessions include: leading through the pushback to DEI programs, a Board view of changing requirements for leaders, how to put purpose at the center of your workforce engagement, and how to make an impact with corporate sustainability programs.

Breakout Leaders

SustainableIT.org

Brandon Peele  
Purpose Advisor and Co-Founder  
Unity Lab

Karenann Terrell  
Former CDO, CTO, CIO  
GSK and Walmart

Samudra's ecosystem connects a galaxy of top-tier experts and innovators, combining varied perspectives and expertise to fuel multidimensional research.

The Samudra All-Trust Assembly is a vibrant hub of interaction across the Samudra ecosystem, dedicated to discussing proprietary research, exchanging inter-community insights, and fostering connections with like-minded peers and mentors.

Day 2  
Wednesday, May 15, 2024  
12:00 pm - 3:00 pm ET  
9:00 am - 12:00 noon PT

## At The Crossroads

### Supercharging the Workforce

12:00pm ET  
9:00am PT

#### The Human Element: AI in the Workforce

Our panel of practitioners shares lessons and observations on the early impact of deploying AI in the workforce. We will consider what is working and what is not and how AI is affecting productivity, morale, and employee engagement.

Panelists

**Maria Latushkin**  
GVP, Technology and Engineering  
Albertsons

**Andrea Le**  
VP, Electronics & Industrial CIO  
and Enterprise Technology  
DuPont

**Sathish Muthukrishnan**  
CIO, Data & Digital Officer  
Ally Financial

**Raphael Ouzan**  
Founder and CEO  
A.Team

12:55pm ET  
9:55am PT

#### AI Breakout Sessions

We break into smaller groups to share what members see with AI roll-outs in their respective organizations.

1:55pm ET  
10:55am PT

#### A New Paradigm for Learning

Our two speakers built Pixar University alongside the brilliant Pixar co-founder Ed Catmull. This session will explore how we can apply their deep knowledge in orchestrating peer, collaborative, and effective learning organizations.

Speakers

**Elyse Klaidman**  
CEO  
X in a Box, LLC

**Jamie Woolf**  
Co-Founder and CEO  
Creativity Partners

Together, we tackle complex, compounding, and interconnected topics.
